### Outside Employment:

The position is whole time and the officer may not engage in private practice or be connected with any outside business, which would interfere with the performance of official duties.

### Superannuation and Retirement:

The successful candidate will be offered the appropriate superannuation terms and conditions as prevailing in the SFPA at the time of being offered an appointment. In general, and except for candidates who have worked in a pensionable (non-single scheme terms) public service job in the 26 weeks prior to appointment (see paragraph d below), this means being offered appointment based on membership of the Single Public Service Pension Scheme ("Single Scheme").

Key provisions attaching to membership of the Single Scheme are as follows:

### Pensionable Age:

The minimum age at which pension is payable is 66 (rising to 67 and 68) in line with State Pension age changes.

**a) Retirement Age:** will be determined in accordance with the relevant government Departmental circulars.

**b) Pension Abatement**

- If the appointee was previously employed in the Civil Service and is in receipt of a pension from the Civil Service normal abatement rules will apply. However, if the appointee was previously employed in the Civil Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivised Scheme of Early Retirement (ISER) or the Department of Health Circular 7/2010 VER/VRS which, as indicated above, renders a person ineligible for the competition) the entitlement to that pension will cease with effect from the date of reappointment. Special arrangements will, however, be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.
- If the appointee was previously employed in the Civil Service or in the Public Service please note that the Public Service Pensions (Single Scheme and Other Provisions) Act 2012 includes a provision which extends abatement of pension for all Civil and Public Servants who are re-employed where a Public Service pension is in payment. This provision to apply abatement across the wider public service came into effect on 1 November 2012.
- This may have pension implications for any person appointed to this position that is currently in receipt of a Civil or Public Service pension or has a preserved Civil or Public Service pension which will come into payment during his/her employment in this position.

Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007

- The Department of Education and Skills introduced an Early Retirement Scheme for Teachers. It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular documentation, and with those exceptions only,

if a teacher accepts early retirement under Strands 1, 2 or 3 of this scheme and is subsequently employed in any capacity in any area of the public sector, payment of pension to that person under the scheme will immediately cease. Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).

### Ill-Health Retirement

Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

### Prior Public Servants

While the default pension terms, as set out in the preceding paragraphs, consist of Single Scheme membership, this may not apply to certain appointees. Full details of the conditions governing whether or not a public servant is a Single Scheme member are given in the Public Service Pensions (Single Scheme and other Provisions) Act 2012.

However the key exception case (in the context of this competition and generally) is that a successful candidate who has worked in a pensionable (non-single scheme terms) capacity in the public service within 26 weeks of taking up appointment, would in general not become a member of the Single Scheme. In this case such a candidate would instead be offered membership of the pension scheme for non-established civil servants ("Non-Established State Employee Scheme"). This would mean that the abatement provisions at (c) above would apply, and in addition there are implications in respect of pension accrual as outlined below:

### Pension Accrual

A 40-year limit on total service that can be counted towards pension where a person has been a member of more than one existing public service pension scheme would apply. This 40-year limit, which is provided for in the Public Service Pensions (Single Scheme and other Provisions) Act 2012 came into effect on 28 July 2012. This may have implications for any appointee who has acquired pension rights in a previous public service employment.

### Pension-Related Deduction

This appointment is subject to the pension-related deduction in accordance with the Financial Emergency Measure in the Public Interest Act 2009.

The above represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the successful candidates.

### Order of Merit:

After offering the successful candidate the position the Sea Fisheries Protection Authority may form an order of merit which would be valid for 2 years from the date of the first appointment made. If this role becomes available again in that time frame, they may choose to revisit this panel and offer the next candidate on the order of merit but are not obliged to do so. Only candidates that pass the competency interview and meet the interview boards qualifying score may be included in the order of merit.

### Temporary Vacancies

In the event that temporary vacancies for this post arise during the lifetime of the Order of Merit, the SFPA reserve the right to offer such temporary posts on the basis of the results of this competition. Candidates who accept such a temporary post retain their placing on the Order of Merit and the acceptance of such a temporary appointment in no way interferes with the normal process of appointing candidates to permanent posts that may arise.

### Confidentiality:

Subject to the provisions of the Freedom of Information Act 2014 applications will be treated in strictest confidence.

Garda vetting may be sought in respect of individuals who come under consideration for appointment. The admission of a person to a competition, or invitation to attend interview, or a successful result notification, is not to be taken as implying that Sigmar Recruitment Consultants Ltd. is satisfied that such a person fulfils the requirements or is not disqualified by law from holding the position and does not carry a guarantee that your application will receive further consideration.

It is important, therefore, for you to note that the onus is on you to ensure that you meet the eligibility requirements for the competition before attending for interview. If you do not meet these essential entry requirements but nevertheless attend for interview you will be putting yourself to unnecessary expense.
